FREE!

A Handsome Three-Quarter Life-Size CRAYON PORTRAIT FREE

We propose to give to each of our customers a handsome portrait of anybody they may select. To this end we have made a contract with a leading portrait house to furnish us with their celebrated pictures. To those who have seen these portraits no word is necessary; and those who have not we invite to inspect the samples at our store. We will not confine this offer to one picture in each family, but give a portrait each time you comply with the requirements given below. We further assure you that if the portrait is not satisfactory, you need not accept it until it is.

The portraits are Crayon and India Ink and of a very fine grade. The same picture costs, when ordered of an agent or picture house, \$10.00 to \$18.00.

THE WAY TO OBTAIN THE PICTURE.

We furnish you with a card on which are printed 5, 10, 15, 25, 30 and 50 cents amounting in all to \$10.00, and when you make a purchase the amount of the same is punched out of the card. When you have bought goods to the amount of ten dollars you furnish us with a photograph or tin type from which to make the picture. The cost of the frame, glass, etc., will be but \$2.75. These portraits are made by the well-known Standard Portrait Co. of Chicago.

THAT GARFIELD SEED WHEAT.

A correspondent at Garfield writes THE TRIBUNE that only four-tenths of the 1050 bushels of seed wheat received from Joliet was distributed in that precinct, the remainder going to farmers in Custer and Logan counties and in Harrison and Kilmer precincts in this county. This correspondent says the people of Garfield precinct do not want to be credited with seed grain which they did not receive, as in making the apportionment the county commission may labor under the mistaken idea that the farmers of his precinct are supplied with seed. THE TRIBUNE does not anticipate that any of the needy ones in Garfield will be overlooked.

Since the above was put in type we have received the following letter:

GARFIELD, NEB., Apr. 4, 1895.

Ed. TRIBUNE:—Will you kindly say that the farmers of this vicinity needing seed have received 1035 bushels of wheat from Will county, Ill., and that it has been distributed to the best of our knowledge without regard to precinct lines, church affiliations, political bias, color or nationalities, as was especially requested by H. M. Stassen, mayor of the city of Joliet, who represented the people of Will Co. in placing their generous gift, and who personally visited this neighborhood.

Yours,
M. E. GOODENOW,
R. J. CRYMES, } Com.
J. H. CLARK.

Express agent McGovern has received notice from his company not to accept tickets, advertisements or other matter pertaining to lotteries. Since the recent act of congress prohibiting the use of the mails by lottery companies the latter have been sending their tickets and advertising papers by express. The recent order of the express companies, however, will shut this off, and the lotteries have been dealt a death blow.

The cornet band tendered Mr. and Mrs. John McMichael a serenade on Wednesday evening.

Nichol Nugget.

A man by the name of Thomas, from Frontier county, will till the ditch farm this season recently vacated by A. B. Goodwin.

Messrs. Minney and Randall took about twenty head of horses to the Platte the first of the week, which they had wintered for the North Platte National bank.

The old ditch company will soon extend the O'Fallons lateral through this country.

The largest acreage of corn and potatoes ever planted in the valley will be put in this season.

Charles Palzell and daughter of Dickens precinct visited friends in this vicinity the first of the week. The young lady remained and her father returned home Thursday.

J. W. Alexander had to make a trip to the hub after repairs for his ditcher Wednesday afternoon.

There are but very few, if any, people in this precinct who will require assistance from the county or any other source in procuring either seed or feed this spring.

John Nauman, of the Platte passed down the grade the first of the week with a few fat cattle which he had purchased up west.

Mrs. M. C. Brown attended the birthday party of Mrs. Wm. Patterson at the county seat on Friday.

Up to the present H. W. Fogel has heard nothing of his horse, saddle and bridle which were stolen from his barn on Tuesday night of last week.

There is but very little water flowing in the South Platte river at present.

H. W. Brown pulled in from the ranch in McPherson county Wednesday evening. He reports everything O. K. in that section.

Dad Wolf and son Arthur are still at work scraping out sand from the Farmers and Merchants' canal down east of here about three miles.

C. S. Trovillo and L. E. Jones have been delivering potatoes at North Platte this week.

Farmers are as busy as bees in this country at present plowing, sowing and getting their laterals in shape for irrigating, which will have to be done soon unless it rains.

Superintendent Park of the county metropolis is having a large number of fruit trees put out upon his farm northeast of here this spring. Frank Toillion who resides upon the farm, is overseeing the work.

Cecil Tuell of Somerset was around in this country this week with his peddlers wagon dealing out notions etc. to the farmers at reasonable prices.

Mr. Bailey of Overton who has been busy on the Paxton & Hershey ranch lately completed his job the forepart of the week.

The old house on the Manion farm has lately been moved up into the southeast corner of the farm.

The entire interest-bearing debt of the United States in 1892, says the New York Sun, when Mr. Cleveland's administration came in, was \$585,000,000. Since 1873, when the total debt amounted to \$1,797,000,000, it had been steadily decreased, year after year, without a single break in the way of temporary increase. Between 1879 and 1892 two-thirds of the interest-bearing obligations of the United States had been redeemed and cancelled. In one year Mr. Cleveland's administration has already increased the interest-bearing public debt by \$100,000,000, or more than 17 per cent.

COLONEL JOHN A. COCKERILL, special correspondent of the New York Herald in Japan, gives an illustration of the war spirit in that country. He says that the school boys in Yokohama drive up all the pigs they can find, corral them on the play ground, call them Chinamen, and then proceed to butcher them. This may be a natural sort of sport in a country that has a great and victorious war on hand, but it may also be responsible for the fanaticism of the Japanese who attempted to take the life of Li Hung Chang. There is just a little too much war spirit in Japan. It needs a brake to hold it in check in times of truce.

THE RESTLESS AMERICANS all agree that the solid vestibuled trains of the Chicago, Union Pacific & Northwestern line distance all competitors. No change or delay at the Missouri river. For full information call on or address N. B. Olds, agent U. P. system.
